Sixty-Third Year

Canyon, Texas

Wednesday, April 23, 1958

Number 2

Committee at Work

State Rep. Ted B. Springer of Amarillo, second from right, attended a recent meeting of the Curriculum committee studying Canyon's schools. Shown with him are Mrs. Jack Hughes, left, secretary, J. E. Miller, chairman, and Mrs. Charles Harter. Springer commended the committee, suggested that its work continue after the Hale-Aikin report is made, and called for more participation by laymen. He asked for a copy of the entire Hale-Aikin committee for use in the legislature next year.

Study Groups Report Monday

A full report from each of the five committees studying the Canyon school system will be made Monday night in the high school cafeteria. All committee members and interested citizens are asked to attend the meeting beginning at 7:30 p. m.

The report Monday will be sent to Austin for use by the Hale-Aikin Committee of 24. In addition, other information for the use of the Canyon system has been gathered and will be reported.

The five committees are studying Finance, Curriculum, Teaching Supply, Buildings and Growth Trends.

Foster Applies For Retirement

D. M. Foster, rural mail carrier for the Canyon Post Office, has submitted his application for retirement, effective at the end of April, according to Marion Higdon, acting postmaster.

Poster, who has spent 41 years with the Canyon Post Office, assumed the post of rural mail carrier upon the retirement of Roscoe Davis several years ago.

Higdon said the post would be filled by a consolidation of routes, a transfer to the job from within the post office, or an open competitive examination. The decision on which method will be used will be made in the district office in Amarillo.

Higdon expressed the view that the job would probably be filled by a temporary appointment.

Guests in the Ray Fullerton home Sunday were Mr. and Mrs. T. E. Russell of Panhandle and Mr. and Mrs. Clayton Knapp and son, Wes, of Amarillo.

Rites Held Monday For McClure Infant

Graveside rites in Llano Cemetery for Stephen Edward McClure, infant grandson of Mr. and Mrs. John McClure of Canyon, were held Monday at 10:30 a. m.

Son of Mr. and Mrs. Weldon McClure of Amarillo, the infant died at Northwest Texas Hospital in Amarillo at 7:30 a. m. Sunday.

Conducting the services was Dr. Carl Bates, pastor of the First Baptist Church of Amarillo. Burial was under the direction of N. S. Griggs and Sons.

Other survivors are Mr. and Mrs. J. R. Singleton of Vega, grandparents of the infant.

Clay Cooper Named Lions Club Head

Clay Cooper was elected president of the Lions Club last Wednesday in the American Legion Hall at the club's weekly luncheon meeting.

Other officers are Bill Wilson, first vice president; Art Brewer, second vice president; Wilbur Truitt, third vice president; Murray Boston, Lion tamer; Carol Vaughn, tailwister; Burney Slack, secretary; and Ed Williams and Charles Hillier, directors.

The new officers will assume their posts later.

AAUW Sets Annual Spring Reception

The annual AAUW spring reception for high school seniors will be held at 7:30 p. m. Monday at the home of Mrs. Jack Taylor, 417 Taylor Lane.

Mrs. Dan Sanders, senior sponsor and president of the Canyon chapter of AAUW, and Mrs. Joseph Findley, first vice president in charge of membership, will receive the guests.

Mrs. David Plank left for home in Cleveland, Ohio, Tuesday after visiting for several days in the E. E. Plank home.

Brick Digger

Between rains, workmen have continued tearing out the old brick paving on Fourth Avenue in preparation for the widening and repaving. The heavy-duty loader picked up bricks by the shovel full and dumped them for hauling away.

May Promises Bright Flowers

May should bring plenty of flowers if the old saw about April showers is true.

So far this month, Canyon has had a total of 2.42 inches. During the past week, three rains brought 1.21 in doses of .19 of an inch, .50 of an inch and .52 of an inch.

Some hail fell with a thunderstorm, but any damage was negligible.

Jaycee-Ettes To Sell Scotchlite

Scotchlite tape will be sold Saturday by the Jaycee-Ettes as a part of their safety project for this year.

The women's service organization will have sales stands downtown and around the college. The stands will be outside providing the weather is good.

3 CHS Students To Be Honored

Three Canyon High School students, regional winners in the 13th annual Save the Soil and Save Texas contest, will be honored during an awards dinner at Littlefield May 8.

Sponsored by the Fort Worth Press and 26 co-sponsors, the awards will be made to Janet Taylor and John Robert Wheelock for their second and third place winning essays on soil conservation. Trophies will be given to the pair, as well as Sue Barron of Lamesa High School for her first place essay.

Rhett Plank, who placed ninth in the contest, will also be honored.

School Leaders Meet Saturday

Approximately 200 representatives of public schools of the area are expected at West Texas State College Saturday for the annual spring meeting of the Panhandle School Leaders Association.

Dr. Alfred T. Little, Borger superintendent, is president of the association, which includes as members superintendents, high school and elementary school principals, school board members, business managers, and supervisors and counselors.

The group's spring meeting includes sectional sessions at 5 p. m. and a dinner meeting at 6:30 p. m. in the WT cafeteria.

Dr. James P. Cornette, president of WT, will be speaker for the dinner session. He will talk on "An Impressionistic Interpretation of American Education."

No admission will be charged.

Court Approves Planting Plans

Approval of a plan for planting flowers on the courthouse square was given by the Randall County Commissioners Court Monday.

The court authorized Sheriff L. S. Johnston to prepare the ground and supervise care of the flower beds proposed by the Canyon Garden Club. Representing the club were Mrs. Warren Parker, president, Mrs. Bill Downing, Mrs. R. A. Neblett and Mrs. Levi Cole.

The plan calls for flowers to be planted in the beds that run alongside the walks on the north and east sides of the square. Three spreading junipers will also be planted on the square.

To be planted in the beds are chrysanthemums, marigolds, zinnias, petunias and verbenas. The members of the club will plant the flowers after the ground is prepared.

The club estimated that the fertilizer, mulch, seeds and plants would cost about \$75. The chrysanthemums will be donated by members of the club.

The delegation also suggested that ground cover be planted in the areas under the trees alongside the parking lot instead of grass. They suggested that the ground cover would require less upkeep than grass.

Elimination Contest Set for Saturday

A demonstration elimination contest will be held at 10 a. m. Saturday in the Farm Bureau building for members of the girls 4-H Clubs of Randall County, according to Mrs. Mona Hildreth, county home demonstration agent.

Girls who are to participate are requested to bring the supplies for their demonstrations and their food records.

The contest is held in preparation for the District 1 elimination contests to be held at West Texas State College May 4.

WT's Gamma Phi To Sponsor Show

Gamma Phi sorority of West Texas State College will present a style show at 4 p. m. Thursday in the lounge of Cousins Hall at West Texas State College.

Featuring modern fashions, such as chemise dresses and sport clothes, the show will be followed by a tea. Commentators will be Mrs. Marie Cooper and Jerry Williams.

Mrs. Cooper is in charge of the hair styling for the models.

No admission will be charged.

Jet Fighter Crashes Near Canyon; Pilot Parachutes Safely in Storm

Bursting through heavy clouds during a rainstorm, an Air Force F-86 jet fighter crashed and burned five miles southwest of Canyon after the pilot had ejected himself.

About two hours after the plane crashed, and after the Canyon fire department, sheriff's deputies and volunteers had searched the area, the pilot walked up to the home of E. A. Collie on the Garner ranch 4½ miles southwest of town.

The pilot, Lt. Charles McElroy, appeared to be uninjured although

stiff. He said he had thought his back might have been broken when he hit the ground.

The plane was one of a group flying from Tinker AFB at Oklahoma City to Kirtland AFB at Albuquerque. The plane developed fuel trouble east of Amarillo, and passed over Amarillo AFB at 3:15, and told the tower he planned to gain altitude and leave the plane. At 3:17 he radioed that he was ejecting himself, and the plane crashed at 3:20.

Guard Serves Nation's Defense; Company F Needs More Volunteers

(This is the second in a series of articles about the National Guard, and of Company F, 142nd Infantry Regiment, stationed in Canyon.—Editor.)

The National Guard has been the backbone of our national defense for more than 300 years. The oldest guard unit in the United States is the 182nd Infantry of Massachusetts, organized in 1636.

Authority for the establishment of the National Guard was written into the Constitution: "A well-regulated militia being necessary to the security of a free state, the right of the people to keep and bear arms shall not be infringed."

Elements of the 36th Division (also called the Texas Division or "T-Patchers" because of their division insignia of a dark blue "T" for Texas set against a light blue arrowhead) trace their history back to Oct. 2, 1835, and the battle of Gonzales. On this date the first victory over the Mexican forces was gained. Subsequent engagements in the Texas War for Independence were:

December, 1835, battle of San Antonio and the defeat of General Cos.

February, 1836, battle of the Alamo with the loss of the entire command.

March, 1836, battle of Goliad, again the loss of the entire command.

April, 1836, battle of San Jacinto and the decisive defeat of the Mexican Army under General Santa Anna.

During the period from 1835 to 1845, the citizen forces of Texas engaged in operations to reduce the Indian threat. The most notable action during this period was the battle of Plum Creek (30 miles southeast of Austin) and the elimination of Comanche camps in the vicinity of San Saba.

The Mexican government had not given up her claims to Texas in 1845 and threatened war with the United States if Texas were admitted to the union. Texas was accepted in December, 1845, and war with Mexico came in May, 1846.

The Mexican War from 1846 to 1848 found many militia units of Texas engaged. Two independent companies of mounted men under Captains Walker and Price responded to the call of General Zachary Taylor, and participated

in the first two engagements of the war—Palo Alto and Resaca de la Palma. The 2nd and 3rd Regiments of mounted men participated in the capture of Monterrey in September, 1846.

In the Civil War, Texas furnished the Confederate Army 45 regiments and 12 battalions of cavalry, 23 regiments and four battalions of infantry, one regiment of heavy artillery and 30 batteries of light artillery. The history of the 36th Division contains the following campaigns:

Eltham's Landing, Gaines Mills, Seven Pines, Second Manassas, Antietam, Fredericksburg, Gettysburg, Chickamauga, Knoxville, Wilderness, Spotsylvania Cold Harbor, Petersburg and Appomattox. Some Yankee history books say the South lost.

The 36th Division as we know it today was organized July 18, 1917, under a War Department order of that date. Texas troops received training at Camp Bowie and the first units of the 36th Division arrived in France on May 31, 1918.

Battle honors earned by the 36th (called the "Lone Star" then) in World War I include: Lorraine, Champagne, Meuse-Argonne, St. Mihiel and Meuse-Argonne.

The valor of the men of the "Lone Star" Division is evidenced by two Congressional Medals of Honor, 30 Distinguished Service Crosses and 128 French Croix de Guerre.

In World War I the 36th served in the Champagne sector during the Meuse-Argonne offensive, spent 23 days in active sectors and captured 813 men, nine artillery pieces and 294 machine guns.

For any information about the Guard, contact M. Sgt. Hughes at the armory east on the Palo Duro highway or visit drill unit Monday night. You will be given any information about the Guard and your military obligation. If you become a member, you will be among your friends and neighbors; you will acquire valuable individual and team training; and you can fulfill your military obligation with a minimum of interruption to your education or job.

Drills are held at 7:45 p. m. each Monday. The armory is open from 8 a. m. to 5 p. m. Monday through Friday.

(Next, the "T-Patchers" in World War II.)

Carolyn Campbell Wins Bake Show

By ANNELLE DUGAN

Can she bake a cherry pie, Billy Boy? Can she bake a cherry pie, charming Billy?

Well, if she is Carolyn Campbell, she can — and more, too. Miss Campbell was named top cook among the Randall County 4-H Club girls last Saturday in a bake show.

The winner had the highest average of points scored on baking a pie, making sweet biscuits and keeping records on her projects. Evelyn Hoffman was second. Tied for third were Virginia Friemel and Norma Lou Henderson. Patricia Salmon and Beatrice Wieck tied for fifth. Mary Hoffman took sixth, followed by Lucy Tucek in seventh place. Linda Metcalf and Louise Hoffman tied for eighth. All were within three points of Miss Campbell.

The daughter of Mr. and Mrs. L. T. Campbell, the winner will represent Randall County in the Baking Queen contest at the Tri-State Fair in Amarillo in the fall. Last year's titlist, Virginia Friemel, copped second place in the Baking Queen contest.

The contests were based on demonstrations made to clubs throughout the county during the last year.

Winning blue ribbons for their pies were Cindy Gruner, Ann Fisher, Lola Buchholz, Virginia Friemel, Norma Lou Henderson, Patricia Salmon, Evelyn Hoffman, Dorothy Wieck, Mary Hoffman, Beatrice Wieck, Linda Metcalf and Carolyn Campbell.

Taking red ribbons were Janie Fisher, Peggy Cranmer, Lucy Tucek, Carolyn Frank, Louise Hoffman, Diane Podzemny, Linda Podzemny, Linda Brown and Cindy Brown.

White ribbon winners were Leta

Cranmer, Sharon Cranmer, Gail Moore, Earlene Moore, Barbara Liekhus, Judy Frank and Linda Hand.

Blue ribbons in the sweet biscuit contest were awarded Lucy Tucek, Evelyn Hoffman, Diane Podzemny, and Laura Plank.

The 12 red ribbon winners were

Peggy Cranmer, Sharon Cranmer, Earlene Moore, Virginia Friemel, Norma Lou Henderson, Beatrice Wieck, Linda Metcalf, Carolyn Campbell, Margaret Plank, Linda Hand, Linda Brown and Cindy Brown.

Winning white ribbons were Cindy Gruner, Ann Fisher, Leta Cran-

mer, Gail Moore, Patricia Salmon, Mary Hoffman, Louise Hoffman, Carolyn Frank, Judy Frank, and Linda Podzemny.

Judges were Pauline Lokey, home demonstration agent for Potter County, and Virginia Hill, home demonstration agent for Armstrong County.

Babe Ruth League Area

When weather permitted last week, heavy machinery filled in low spots for the Babe Ruth League ball park in Conner Park. A meeting of the league will be held at 7:30 p. m. Friday in the WT fieldhouse. All fathers of boys who will play in the league are asked to attend the meeting, according to Dr. C. C. Callarman, president.

"Straight Talk"

(This editorial is reprinted from the
Farm and Ranch Magazine. —Editor).

The nation owes a great debt of gratitude to Arkansas' able, honest Senator John McClellan for the fearless and relentless way he has exposed union racketeers. But the Senate Committee can neither enforce the law nor prosecute the guilty. That's up to us. Let's demand action now!

Union gangsterism, racketeering and monopoly is rife throughout the country. We need to strengthen Taft-Hartley by outlawing compulsory unionism and secondary boycotts. And by making unions subject to anti-trust laws. But, even more than new laws, we need public officials with the determination and the guts to enforce the laws we now have. Unions laugh at the law and thumb their noses at the public because we voters have failed to remove from office the cheap politicians who are violating their public trust.

"Ol Beck" used to be the favorite name for a horse. Still is. Ol' Dave Beck, the retiring head of the Teamsters Union, misused funds left in the will of a friend who left his widow's funds in the care of Beck. Which makes him at least part of a horse. Beck, who has been indicted

Labor Veto is Mistake

(This editorial is reprinted from The
Hereford Brand.—Editor)

Quite a few area farmers are no little upset over the recent federal decree to eliminate immigration of bracero farm labor into this country on the basis of extensive unemployment in the United States.

"How many unemployed automobile workers in Detroit would be willing to come to Hereford and work in our potato and cotton fields at bracero wages?" asked one irritated farmer. And we hasten to add: There is no question about his point being a valid one.

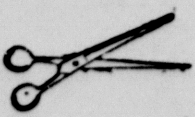

Looking at the situation from a standpoint of theory and statistics, we can see how Sec. of Labor James P. Mitchell came to the decision that we need to outside labor. In practical application, though, it seems that he is only making it more difficult for the laboring man—employed or unemployed—by forcing upward the price of vegetables, cotton and other items which the laboring man buys. The same, of course, is true of all other citizens and fairly well reflects the pattern of the unions in boosting car prices to the point of sales resistance.

Latin American and Japanese labor came into the vegetable and cotton producing areas chiefly because American laborers turned up their noses at many of the jobs. Unless things get back like they were in the depression days of the '30's, this situation is not likely to change. Until it does change, there will be a need for labor from areas with lower living standards than those now in the United States. Therein appears to lie the fallacy in Secretary Mitchell's philosophy.

It is a natural mistake for a theorist to make but, at the same time, it can also be a serious and a most costly mistake for all American citizens, starting with the producer and spiraling as it progresses to the consumer. It could, in fact, provide the first step toward lowering the very standard of living which created the present situation.

What Our Neighbors Say ...

Scissor Snippings

Ernest Joiner in the Ralls Banner: Last Friday, Baylor University opened a series of courses seeking to teach 30,000 illiterate Dallas adults how to read. It is said to be the first attempt to lick the illiteracy problem in a major U. S. city. About 1,000 trained tutors will be needed to teach these Texas ignoramuses how to read the x's they write on their checks for oil wells. In Russia, it is a shooting offense not to know how to read and write, which just goes to show you how backward and non-progressive these Communist countries are. Among the many American freedoms is the freedom to be ignorant. You probably didn't know there are an even 30,000 admitted illiterates in li'l ole Dallas, seat of Texas culture and home of Neiman-Marcus and William Blakely and Candy Barr. This does not include the many thousands who are ashamed to admit they can't read, and who pass up the chance to read the circulars by saying they forgot their eyeglasses.

Paul Loftin in the Panhandle Herald: We got a big laugh from the new General Telephone Book. On page one the company says: "Attachment of any Binder, Holder or Auxiliary Cover of any Advertising Nature is Strictly Prohibited." We just want to inform General that we have a First National Bank cover on our book and we're ready for General to do something about it.

Vern Wisdom gave us our telephone cover two years ago and we're not about to let a couple of words scare us from using it. We feel like we pay a fair price for telephone service and by George what we do with the book is our business.

We didn't find anything in the franchise on file in the City Hall that prevents us using Vern's cover. We like General Telephone Company and we think they have an outstanding crew of men in Panhandle. We're just riled about the idea of some big firm trying to tell us we can't do thus and so

for grand larceny, went from union truck driver to union millionaire. The federal government is now trying to find out how Beck is accused of income tax evasion in addition to stealing large sums of union money. His son, and accomplice, has already been sentenced. If both don't get long prison sentences the thieves in every jail in the country should demand a new trial. Beck retired with union honors at \$50,000 a year and unlimited expenses for himself and his wife for life.

Dave, Jr., took the Fifth Amendment when asked by Senate investigators to give his father's name. I don't blame him.

In our town, Nashville, most of the top brass in the Teamsters are ex-convicts. And that's not unusual in Teamsters Unions. Investigators have reported 173 cases of union violence in Tennessee and nearby areas in the past four years, causing property damage of more than \$2 million. Only eight of the 173 incidents have been solved. Why? Mainly because the law enforcement agencies from our Democratic Governor down to the policeman on the beat have been yellow. They're afraid of their political lives, their continued good health, or both.

The Republican Administration sent federal troops into Little Rock where law and order had not broken down and refused to send troops to Kohler, Wisconsin, which was in a state of siege by hired union hoodlums with local law enforcement agencies refusing to function. The reason in both cases and both places was votes.

Criminals have gone unmolested throughout the nation as they openly waged mob warfare against law-abiding businesses and against "unconvinced" laborers. For instance, the wife of one Nashville trucking company official was telephoned by anonymous callers at night threatening to dynamite her out of bed some night, or bring her husband home on a slab, unless the company closed down.

After his three or four barbers had voted not to join the union, a Nashville barber's shop was destroyed by dynamite. The barber testified before the Senate Committee that he couldn't get police help in stopping the continuing threats and violence because the police "did not want to mess with labor trouble."

Numerous other bombings, goon-squad knifings and assorted violence have occurred—some with witnesses—and the Nashville sheriff's office and police have maintained a bored, boys-will-be-boys attitude unaccompanied by arrests or prosecutions. Throughout this land of the free, unions have deliberately destroyed thousands of businesses, backed by politicians in the Presidency, Congress, the Supreme Court, right down to the policeman's beat.

"Farmers ought to organize," say some promoters of "give us parity or we'll starve you." If farms were unionized, you couldn't get your crop out of the fields without endangering your life and property unless you were a member in good standing. Even if you did, it would be "hot cargo" which the union trucks would refuse to haul. While labor has a minimum wage and maximum hours, farmers have maximum hours and minimum wages. But the way for farmers to get equality is not through parity or racketeering but through ending the socialist-labor monopoly, at the polls.

with what we consider personal property.

★ ★ ★
Bascom Nelson in the Castro County News: Excessive drinking, although possibly one of the greatest scourges of mankind, can also lead to odd results. For instance: Two collegians, returning home at midnight from a football game, were loaded to the gills. Their highway paralleled a railroad and it eventually came to pass that they passed a passenger train. "Did you see that village we just passed?" said one. "All the houses were still lit up." "Yeah," was the reply. "And did you notice the first one was on fire?"

Then there's the one about the big, lighted clock on the courthouse at Stephenville. Seems a drunk staggered up to a mailbox at the base of the courthouse, dropped a penny into the slot and looked up at the clock. "My gosh," he muttered, "I'm nine pounds overweight!"

I GIVE YOU
TEXAS
By
BOYCE HOUSE

Some of the most successful "confidence games" are based upon the saying that the hand is quicker than the eye.

One of the first news stories that I ever covered had to do with a native of Austria who had accumulated considerable means in the bakery business in Memphis, Tenn.

He met a man who was also a native of Austria and, after they became friends, this man introduced two others. He had already told the baker of a wonderful business idea which these two had.

"It will take \$14,000 to start the business," he was told. "You put up half and we will put up half."

The baker was interested—but cautious. The spokesman explained that they had \$5,000 which they would put with the baker's \$7,000 and the baker was to hold the money until they put up \$2,000 more.

"If we don't return by two weeks from today, the money is all yours."

Now if he held the money, how could he lose?

So the baker agreed. They met again; he counted out his \$7,000; one of them counted out their \$5,000. The money was then placed in a box and, after considerable conversation, they shook hands all around and left.

He locked the box in his safe in the office. At the end of two weeks, they had not returned and so he rejoiced at being \$5,000 richer. But when he opened the box, there were only two stacks of cut-up newspaper.

During the conversation, they had switched boxes on him.

Yes, it was true that the hand is quicker than the eye although it had cost him \$7,000 to find this out.

The coach who consistently fields a team without an offense is going to find that the alumni will consider him very offensive.

Phi Alpha Psi Elects
Washburn President

Officers for Phi Alpha Psi, local chapter of Beta Sigma Phi, were elected recently in a meeting of the group in Cousins Hall at West Texas State College.

Sharon Washburn was selected president. Other officers are Ruby Annen, vice president; Wynelle Lightsey, corresponding secretary; Shirley Elms, recording secretary; and Mrs. Carol Mitchell, treasurer.

Members attending were Ruby Annen, Mrs. Mary Ann Berry, Shirley Elms, Mrs. Pete Hickman, Mrs. Joan Meason, Mrs. Mitchell, Mrs. Ann Sparks, Mrs. Paula Vance, Sharon Washburn and Billie Fletcher, advisor.

THE STATE OF TEXAS

TO: J. L. Hallmon, Defendant,

Greeting:

YOU ARE HEREBY COMMANDED to appear before the Honorable 47th District Court of Randall County at the Courthouse thereof, in Canyon, Texas, by filing a written answer at or before 10 o'clock A.M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 19th day of May A.D. 1958, to Plaintiff's Petition filed in said court, on the 17th day of June A.D. 1957, in this cause numbered 3359 on the docket of said court and styled Nelda Hallmon, Plaintiff, vs. J. L. Hallmon, Defendant.

A brief statement of the nature of this suit is as follows, to-wit: Action for divorce on ground of cruel treatment, as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and the seal of said court at Canyon, Texas, this the 4th day of April A.D. 1958.

Attest: Mavis Hill, Clerk
47th District Court
Randall County, Texas

Meeting Slated For Tomorrow

A weed control conference will be held tomorrow at 9 a. m. at the

Amarillo Experiment Station at Bushland, according to John Brazzil, county agent.

The meeting will feature talks on weed control in fields and native grassland and a tour of research plots.

Ollie Liner, Hale County agent, will speak on weed control in cotton. He will be followed on the program by Earnest Goulet, Sherman County agent, who will speak on weed control in wheat.

Weed control in grain sorghums will be presented by Martin Gosssett, Moore County agent. E. D. Robinson, assistant agronomist at the Spur research station, will speak on managing native range for weed and brush control.

Brazzil has urged Randall County farmers to attend the meeting.

DIAL OL 5-2101

By L. A. Wilke

It seems like more people worry about having a hunting or fishing accident than they do any other type of accident. Probably because more people hunt and fish.

Twice each year — during hunting and fishing season, that is — wives and mothers begin their worrying program about the accidental death of some loved one in a field or water accident.

Despite all warnings, by the time the year is over, there are some terrible vital statistics.

These statistics stand to be higher in 1958 than for any previous year. The reason is simple. We are entering a boating and fishing season with more water, more boats and more people involved than ever before. With this tremendous pressure the list of fatalities is sure to climb—unless!

Perhaps a statewide meeting to be held in Austin on May 5, will

help save a few lives. At least it will be the beginning of an organized campaign to reduce gun and water accidents in Texas.

At a planning session with top-level outdoorsmen, Gov. Price Daniel told of his desire to bring about a safety program to cut to a minimum accidental deaths in outdoor pursuits. Governor Daniel called the meeting with the support of the Sportsmen's Club of Texas.

George Whittington of Amarillo, president of the National Rifle Association, was made chairman of the program for the May 5 meeting.

NRA has been keeping records on shooting accidents for many years and has some very interesting figures. For instance 46 per cent of the shooting accidents are caused by persons under 20 years of age. The group from 20 to 50, however, run a close second with 44 per cent. Perhaps as we grow older we learn better, because the figure after 50 drops to 10 per cent.

More than half of these shooting accidents resulted from unintentional discharges—the "empty" gun. Stumbling while carrying a gun tops the list. Triggers caught on brush are responsible for 6 per cent of these unintentional accidents.

Another interesting statistic is that 58 per cent of the cases were from shotgun shooting, at small game and land birds.

Educators present pointed to work being done in the public school systems of other states in providing training in the handling of firearms. They pointed out that some states now require persons applying for hunting licenses to pass tests, to prove their familiarity with firearms, before they can get licenses.

Safe driving now is taught in 450 public schools in Texas. It is foreseen that, within a short time, gun and water safety also may be taught in schools, perhaps through permissive education.

Representatives of the Boy Scouts, Girl Scouts, and 4-H groups, present for the Austin meeting, told of work now in progress in teaching water and gun safety.

Current stress is on water safety, because of the increase in the number of boats and the number of persons going on the water.

Boy and Girl Scouts and 4-H club members are being taught to swim, handle canoes and outboard motors. Also with the assistance of the Red Cross they are given life saving methods so they will be prepared for emergencies.

Meantime plans are under way

to do something about the water hot-rodgers who deliberately endanger lives by unsafe operation of boats. Boat dealers of Texas have expressed an interest in legislation to curb dangerous water activities.

Numerous municipally owned lakes already have passed ordinances with safety requirements.

These ordinances usually prescribe areas for skiing and make provisions for proper equipment, such as life jackets, cushions and fire extinguishers. Many of them require that jackets be worn by any child under 12 who is a boat passenger. There must be a jacket or cushion also for each additional occupant of the boat.

Launching Ramps Needed
Another problem facing outdoorsmen today, especially the boat owners, is the question of access.

It is getting harder and harder to find places where boats can be put into public waters.

In many instances they are being fenced in by private ownership. Where there is public ownership little is being done to perfect access, or to provide adequate launching ramps. Ramps that are available are overrun on weekends when the weather is favorable.

We have a traffic problem with boats and trailers today that has been completely ignored for the most part by city, county and state officials. Perhaps it is our own fault for not doing more about it.

Many of the larger impoundments of the state are under the supervision of the Corps of Engineers. Generally these lakes have fairly good access, over paved or good gravel roads, to the water's edge. Here, however, it stops, unless there is an abandoned blacktop road that enters the water. In most instances boat owners have to launch over gravel or mud bottoms.

On a few municipal lakes there are some attempts at launching sites. In Austin recently the city constructed a new concrete ramp on Lake Austin, but it is inadequate to serve all the demand made by boaters.

On lakes that are controlled by river authorities most of the marginal land is in private ownership. Fees of 50 cents to \$1 are charged to launch boats from gravel or muddy shores. A few camp owners permit free launching by occupants of their cabins.

The state highway department has done nothing to provide launching ramps on right-of-ways that cross lakes and streams. Boat owners who launch their boats under bridges do so with considerable difficulty. This despite the fact that boat owners pay many thousands of dollars annually into the state highway tax fund, on motor fuel tax, to which they might be exempted if they claimed the exemption.

This access problem is one that can be solved, easily and quickly, by local cooperation. Get a few boaters together and call on your Chamber of Commerce. Work out

Hereford, Tex., Man Reports—

More Maize On Fewer Acres Using Phillips 66 Ammonia

Earl Holt, Hereford, Tex., says: "I harvested more grain from 250 acres of irrigated maize fertilized with Phillips 66 Ammonia than I got from my previous larger acreage which received no ammonia. And I got this increase using only one irrigation well for the entire 250 acres."

Other Southwestern farmers have discovered that 82% nitrogen from top quality Phillips 66 Agricultural Ammonia helps them get more profit per acre through higher yields. They get more cotton that classes higher at the gin . . . yields of sorghum grain and ensilage are increased . . . more marketable vegetables are harvested . . . and profits on wheat are increased through higher yields of grain and extended grazing periods.

Phillips 66 Agricultural Ammonia contains 82% nitrogen and gives you more nitrogen per dollar than any other form of commercial fertilizer available.

Order Your Supply Of Phillips 66 Agricultural Ammonia Today!

Times change, but little boys don't. Good little boys, that is. Wholesome curiosity about their world, pride in accomplishment, response to encouragement—these traits remain the same in a nuclear world as they were in the days of the coal oil lamp.

We worked with a woman last week on a church committee, who brought along her seven-year-old son to help seal and stamp. He worked happily and industriously, breaking off bits of scotch tape and sticking it to folders. He listened brightly to our talk and asked from time to time, "Mother, what is a sanctuary? What's a pew?"

The job lasted longer than he had expected, and the noon hour came and passed. We were so near through that we decided not to stop, and our young helper grew quieter. Finally, he finished his task and sat down with a sigh.

"Well, I did it!" he exclaimed. "I didn't think I . . ." Then he stopped. He was about to say he thought he would have to quit before the letters were done. He was as proud of what he had found out about himself as he was of the completed job.

Bright youngsters, if properly encouraged, are a delight to their elders. Their alert minds, and their shyness mixed with bravado make them as sensitive to new idea as a young plant is to sunlight and water.

We sometimes wonder how many of the boys who get in trouble these days are "bad" because they have no opportunity to test themselves in worthwhile activities.

CITATION BY PUBLICATION

THE STATE OF TEXAS

TO: GLORIA CUEVOS ELLIOTT,

Defendant, Greeting:

YOU ARE HEREBY COMMANDED to appear before the Honorable 4th District Court of Randall County at the Courthouse thereof, in Canyon, Texas, by filing a written answer at or before 10 o'clock A.M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 19th day of May A. D. 1958, to Plaintiff's Petition filed in said court, on the 30th day of January A. D. 1958, in this cause, numbered 3489 on the docket of said court and styled Edward E. Elliott, Plaintiff, vs. Gloria Cuevos Elliott, Defendant.

A brief statement of the nature of this suit is as follows, to-wit: Judgment of Divorce prayed for, as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

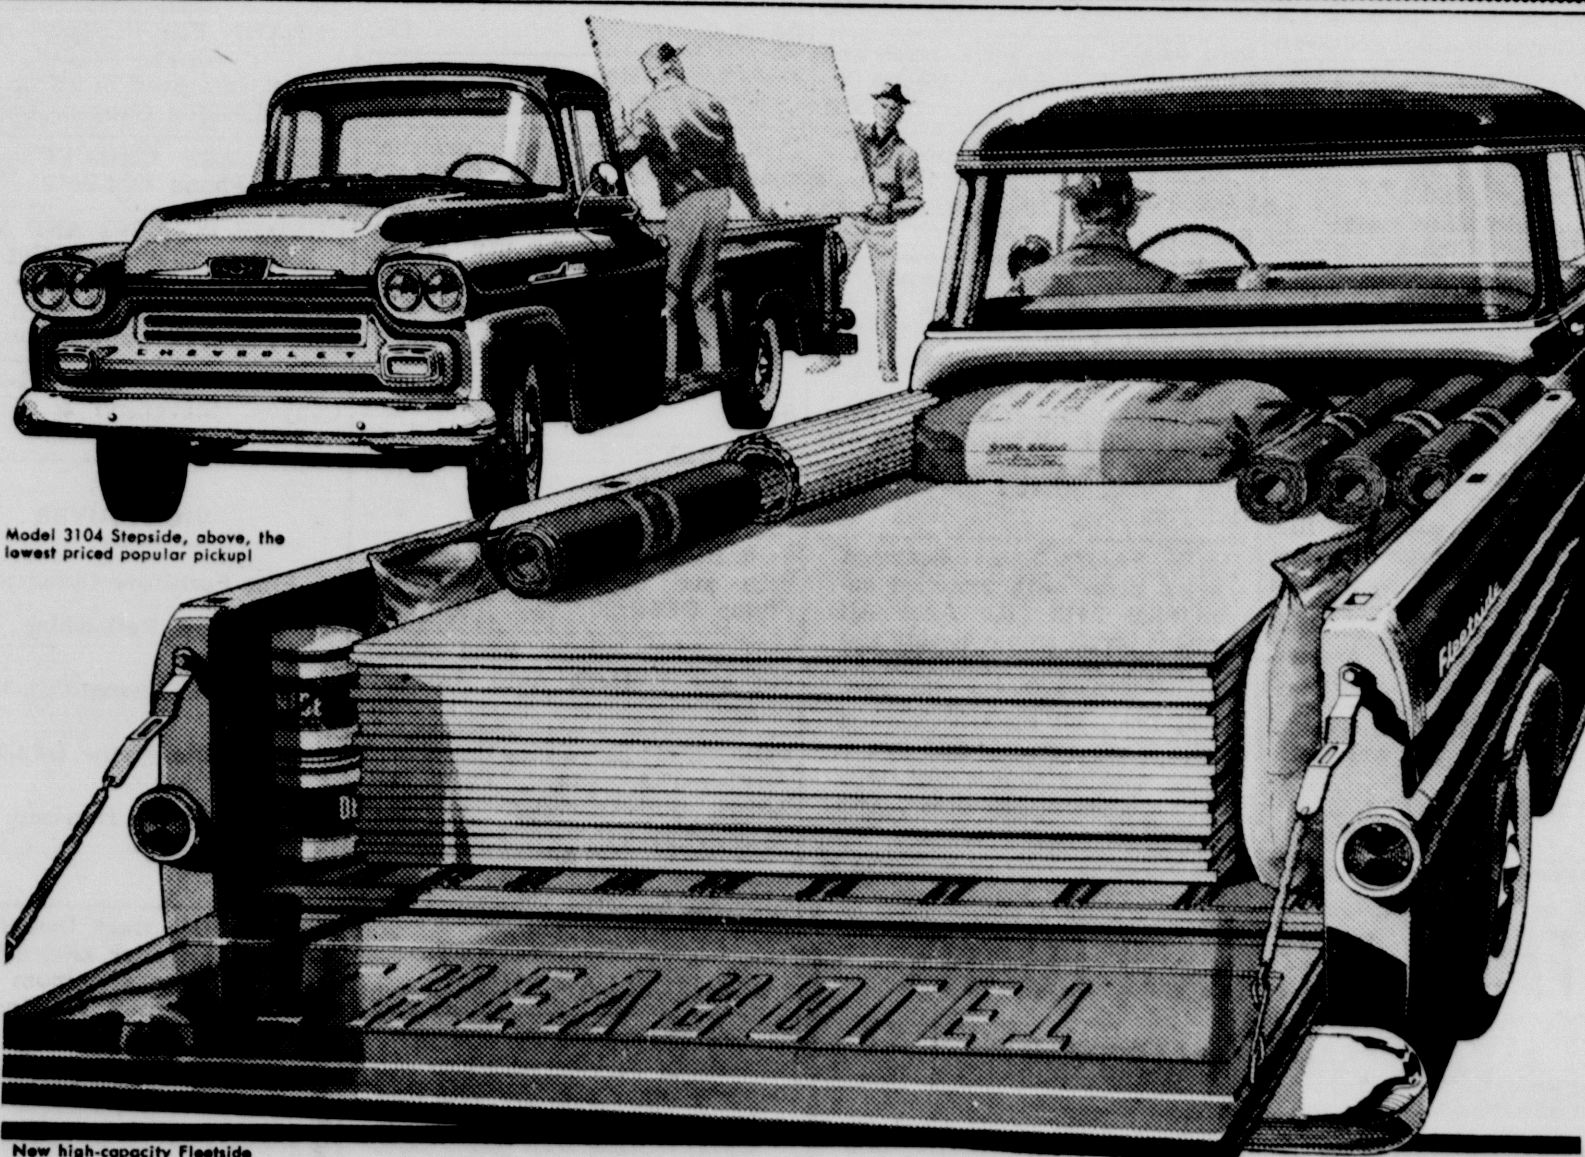

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and the seal of said court at Canyon, Texas, this 1st day of April A. D. 1958.

Attest: Mavis Hill, Clerk, 47th District Court, Randall County, Texas, By L. Johnigan, Deputy.

Announcing the NEW Eversman Model 329

Utilizing Important NEW Improvements in the Famous EVERSMAN Crank Axle for

FASTER - More ACCURATE Leveling and Dirt Moving Action through Greatly Increased Cutting and Filling Performance

NEW CHANGES in the Eversman CRANK AXLE

Every individual part of the new Eversman 329 Automatic Land Leveler has been designed to provide easier control... increased structural strength... greater maneuverability... better overall performance... to meet the most rugged demands of actual farm use. The result is a machine that is the most efficient, fastest operating farm tractor-pulled land leveler, dirt mover and tillage tool ever produced... yet the 329 is built to sell at a REDUCED PRICE. For 3 plow tractors.

Here Are Important 329 Features

1 Boxed Front Truss and Welded Channel Tongue give stronger, more rigid construction.

2 Center Truss is 2 feet longer and boxed at rear end to increase lateral stability.

3 Pull Bars, made from 2" pipe, are stronger and increase rigidity of entire machine.

4 Bumper Guards protect Main Wheels and Axles from breakage.

5 Dolly Wheels for use in moist, lumpy, loose soil, V assembly for dry, cloddy ground.

6 Tension Springs are located for easy adjustment to meet various soil conditions.

7 Screw Adjustment on Front Clevis provides simple, fast regulation for load in Cutting Blade.

Hundreds of happy families shop at COOPER'S for a number of good reasons including our vast variety of top quality foods . . . our many shopping conveniences . . . our courteous, helpful staff . . . our fast and accurate checkout . . . and our low, low prices in every department. To sum it up —they shop here because they get MORE OF THE BEST FOR LESS—the best quality . . . the best service . . . the best buys in foods and supplies.

Lowell Harrison Publishes Article

An article by Dr. Lowell H. Harrison, professor and head of the history department at West Texas State College, has been published in the April issue of the William and Mary Quarterly.

Dr. Harrison traced the move of a middle class lawyer-planter from Virginia to Kentucky in 1793, and the story deals with the little-treated subject of the westward movement of the middle class American pioneer.

John Breckinridge, who was instrumental in the passage of the Kentucky Resolutions by the Kentucky legislature in 1798, prepared for his move from Virginia for several years. The Breckinridge brothers were speculators in Kentucky lands, and John bought several large tracts before he and his family moved west. He secured a number of tenants to clear his chosen lands, and had aid of overseers before moving from Albe-

Spring Theme Used For Club Meeting

A spring theme highlighted the Friday afternoon meeting of the Amity Club in the home of Mrs. Pennie Cox.

Mrs. Mary Burtz and Mrs. Cox gave readings centered around the coming of spring. Members who answered roll call by naming favorite flowers, exchanged slips and seeds of spring flowers.

Refreshments of Japanese fruit cake, candies, gum and coffee or lemonade were served to Mrs. Cox, Mrs. Burtz, Mrs. J. H. Wright, Mrs. W. T. Davis, Mrs. Henry Cone, Mrs. Ira Danner, Mrs. S. L. Terry, Mrs. R. H. Long, Mrs. R. E. Gill and Mrs. T. T. Fain.

Sunday visitors in the Murray Boston home were Mr. and Mrs. Henry Loter and Mrs. Lula Young of Plainview.

marle County in Virginia.

Dr. Harrison's article gives information regarding cost of the land, size of tracts purchased and settled, and methods by which moves of the planters were made. A native of Kentucky, Dr. Harrison has written many articles for historical quarterly publications, including the Filson Club History Quarterly of Kentucky, Virginia Magazine of History and Biography, South Carolina Historical and Genealogical Magazine, Journal of Southern History, and many others.

Dr. Harrison became head of the WT history department last fall, and he has been a member of the WT faculty since 1952.

By VERN SANFORD
Texas Press Association

Next summer's campaigners are tuning up to play from a familiar score — the conservative vs. liberal melody Texas voters have been hearing for years.

But, like the rock 'n' roll version of a Stephen Foster song, it may sound different. Campaign pitches will have to keep time to the fast beat of 1958's new issues. Such as "curing the recession" and "catching up in education."

On the federal level, talk is of cutting taxes to give the people more money to spend. Here in Texas, it's raising taxes to give the state more money to spend.

In a situation like this, a voter can get confused.

For each issue, there'll be several choruses — more or less drowning each other out. Some will chant of scaring away recession with large-scale government spending. Others will say the only way is to give business a break.

For schools, some are calling for a nationwide program to require more work from students, provide better teachers at better pay, more lab equipment, scholarships for promising students, etc. But many Texans say "never" to any scheme that would eat away at local control over schools.

On how to get money to bail out the state treasury, there are already a number of tunes being struck up — sales taxes, income taxes, corporation taxes, more economy in government — but no prospect of close harmony.

Cowboy Hat in Ring

One morning, in between pouring his coffee and finishing his bacon, William A. Blakely decided to run for the U. S. Senate.

Blakely served as junior U. S. senator for four months last year as the appointee of former Gov. Allan Shivers. He was not a candidate in the special election when Ralph Yarborough was named to succeed him.

Son of Oklahoma homesteaders who had to "work out" for other farmers, Blakely parlayed a little grit into a lot of money — in law, banking, real estate, ranching, oil, gas, insurance and an air line.

He'll not be troubled by most candidates' sorest problem — raising campaign funds.

Incumbent Yarborough has made statements leaving the door open for either of two courses — running for another Senate term or a fourth try at the governorship.

John Brazzil Talks At HD Club Meeting

John Brazzil, county agent, addressed the members of the Las Amigas Home Demonstration Club in the group's April 10 meeting in the home of Mrs. Bill Patke.

Brazzil spoke on lawns, windbreaks and fertilizers. Guests were Mrs. Harley Burrus and Mrs. J. R. Stork.

Purse-Watcher Needed
Texas' governor should have some power to keep a hand on state purse strings after the Legislature leaves.

So says Vernon McGee, director of the Legislative Budget Board. McGee heads the board with responsibility for studying the fiscal needs of all state departments and making recommendations to the Legislature.

Under present system, McGee pointed out, after the Legislature makes its appropriations, only the individual department heads are responsible for how the money is spent. Many administrators are admirably "tight-fisted," McGee said, but others will spend money, that could be saved for later needs, just because they have it.

McGee's recommendation: Give the governor authority to ask for periodic reports from departments and to cut from their budgets items no longer necessary.

Most other states have this system, said McGee.

Still Too Much Oil

Despite severe cuts in production, Texas is still producing more oil than anyone wants to buy. It could mean even deeper cuts and more idle drilling rigs next month.

Railroad Commissioner Ernest O. Thompson noted an increase of 1,208,000 barrels in stock of crude oil. It shows, he said, that April's lowest-in-history, 8-day production pattern was needed.

He suggested that new wells coming in may make an even lower pattern necessary for May.

Set To Go

Texas Highway Department is poised for a \$36,000,000 speed-up in road building if a new stepped-up federal aid bill becomes law.

State Highway Engineer D. C. Greer said the bill, sent to the President by Congress, would enable Texas to avoid a summer lull in highway construction. Texas has already planned the projects in anticipation of the money, said Greer.

Designed as an anti-recession

THE STATE OF TEXAS COUNTY OF RANDALL NOTICE OF EXECUTION SALE

By virtue of an execution issued out of the 108th District Court of Potter County, Texas, on a judgment rendered in said court on the 19th day of December, 1957, in favor of Amarillo National Bank, a banking corporation, against

Ruben C. Mincey and wife, Vernice W. Mincey, and others, being Mid-West Remodelers, a corporation, Air-O-Blind Metal Awning Company, a corporation, Acme Brick Company, a corporation, E-Z Tight, Inc., a corporation, A-1 Heating and Air Conditioning Company, a partnership composed of George A. Gearhart and C. C. Lowrance, Hassel O'Tanger dba Amarillo Bricklaying Company, Forrest R. Barnes, Barrington Glass Works, a partnership composed of Alfred L. Wood and Bob Barrington, Builders Supply Company, a corporation, Don Boyce, C. C. Lowrance dba Cliff Plumbing Company, Crowe-Gulde Cement Company, a corporation, J. R. Ford dba Ford Brick and Tile Company, Jenkins Brick and Supply Company, a partnership composed of Joe L. Jenkins and L. N. Jenkins, Pittsburgh Plate Glass Company, a corporation, W. C. Roberts dba Roberts Lumber Company, Earl Shelton & Sons, a partnership composed of Earl L. Shelton, Sr., Earl L. Shelton, Jr. and Robert Shelton, Stone Company of Amarillo, a corporation, Overhead Door Company, a corporation, J. C. Wilson dba Wilson Electric Company, and J. A. Santoro and wife, Lela Santoro, in the case of Amarillo National Bank v. Mid-West Remodelers, a corporation, et al, No. 30821, in said court, I did on the 14th day of March, 1958, at 4 o'clock P. M., levy upon the following described tract and parcel of land situated in the County of Randall, State of Texas, as the property of said Ruben C. Mincey and wife, Vernice W. Mincey, to-wit:

The most southerly five feet (5.5') of Lot No. Eight (8), and all of Lot No. Nine (9), in Block No. One (1), of the Cherry Hill Addition to the City of Amarillo, Randall County, Texas, according to the recorded map or plat thereof, to which reference is here made. Said southerly five feet of Lot No. 8 lying northwesterly of the common boundary line between Lots 8 and 9, and 5 foot equidistant thereto, together with all improvements thereon.

And on the 6th day of May, 1958, being the first Tuesday of said month, between the hours of 10:00 o'clock A.M. and 4:00 o'clock P.M. on said day, at the courthouse of said County, I will offer for sale, and sell, at public auction, for cash, the above described property, together with all the right, title and interest of the said Ruben C. Mincey and wife, Vernice W. Mincey, and the other defendants above named, in and to said property; and thereafter make a good and sufficient deed to the purchaser and place the purchaser thereof in possession thereof within thirty days after the date of the sale, and apply the proceeds thereof to the payment and satisfaction of the judgment in favor of Amarillo National Bank against Ruben C. Mincey and wife, Vernice W. Mincey, in the sum of Fifteen Thousand Five Hundred Fifty-seven & 34/100 (\$15,557.34) Dollars, together with interest that may be due thereon; and the further sum of \$59.29, 1/2 of the total cost of this suit, together with the legal fees and commissions for executing said writ.

DONE AT CANYON, RANDALL COUNTY, TEXAS, this 14th day of March, 1958.
L. S. Johnston
Sheriff of Randall County, Texas 5113

measure, the bill specifies the extra money must be spent within 12 months.

It won't put all the unemployed people to work, said Greer, but it will stimulate the economy. And, he added, it's not a "leaf-raking job."

Scientists Must Eat

With all the emphasis on scientific education, importance of training farmers and ranchers should not be neglected, said Gov. Price Daniel.

Speaking to a Future Farmers group, the governor said food is as necessary to the nation's defense as development of better weapons.

Texas' farm population, he noted, has declined by more than one-half since 1933.

Pinch on Small Schools

Small schools are going to have to have help to meet higher state standards in math and science, says Sen. Crawford Martin of Hillsboro.

Beginning with the 1959-60 term, high schools are to be required to teach four years of science and four years of math. Sen. Martin said he doubted smaller districts had or could get, without assistance the necessary staff and equipment to meet the new standard.

"Most have gymnasiums," he observed, "but a lot lack laboratories."

Short Snorts

Deaths from industrial accidents dropped from 167 for the first three months of last year to 152

for the same period this year, reports the Industrial Accident Board.

Named by Governor Daniel to the Texas Civil Judicial Council: John Peace of San Antonio, Emil Rassman of Midland, Chief Justice T. C. Chadick of the Texarkana Court of Civil Appeals and Baylor University law dean Abner V. McCall of Waco (reappointed). Council is to advise Legislature on civil court matters.

Other gubernatorial appointments: George Dahl of Dallas and Louis Page of Austin to the Texas Board of Architectural Examiners, Mrs. James L. Moore of San An-

tonio to the State Board of Cosmetology.

Unemployment claims inched up slightly — from 89,326 to 89,786 — in latest weekly report, but Texas Employment Commission officials expressed confidence that the month as a whole would show a drop in number of jobless.

Texas' traffic fatality score for 1958 looks better than this time last year — 444 compared to 506 in 1957. But Texas is still apparently a pretty dangerous place for driving, second only to California in road fatalities, says the governor's traffic safety director, Brad Smith.

JOHN DEERE
No. 55
COMBINE**

The hungry hum of the No. 55 Self-Propelled sings out two important messages. First, there's a lot of work being done. Second, there is plenty of capacity in every unit to handle the heavy crops, the heavy windrows, without overloading, loss of grain, or slipshod cleaning.

In addition to the big daily capacity and steady good work, the No. 55 gives you unmatched comfort and ease of operation... hydraulic selective ground speed control... balanced weight on all four wheels... double-ram platform control... big, auger-unloading grain tank that empties in 1-1/2 minutes, standing still or on the go, and many other outstanding advantages.

We will be glad to give you complete information on the No. 55; call us or drop in any time you're in town.

Prevent Ill Health

This week the American Cancer Society is carrying out its annual drive to collect funds to be used for research to conquer cancer.

In our school the chemistry class members prepared talks for the first period classes on this subject of cancer disease.

Purpose was to inform students while they are young, about this disease, because it can be cured if recognized early. Thus, if the students are informed they will know how to protect themselves.

This idea should be applied to all health. It is too late in many cases to cure you of a disease after it has already gotten a firm grip on you. An informed public on good health is essential.

If the public is informed they know immediately when they develop an abnormal health condition and they know what to do about it, thus they are more likely to be cured and cured quicker.

Perhaps even more important is an informed people to prevent ill health. It will even pay you to be informed about your health because if you are not then you are more liable to become sick which will take you off your job, cause hospital or medical expenses, waste time and probably be painful or sickening.

There are many people who are informed enough to know when they are sick but yet they do nothing about their illness. Why? The two main reasons are because of fear and being ashamed. Franklin D. Roosevelt once said, "The only thing to fear is fear itself." This is true because if you let fear keep you from doing something about your illness then your illness is liable to become more severe. Being ashamed and having fear is largely brought about by ignorance. People today are often needlessly ashamed of mental illness for this reason just as people used to be ashamed of cancer for this reason. This is another reason for a better informed public.

Make special effort to learn all you can about your health. If you have health it is truly a blessing, but if you do not have it life can be difficult. It is your responsibility to your country to have good health for a sick nation cannot survive. Most of all you owe it to yourself for a successful future.

Maggie's Corner

Boys Ranch Meeting Place

The district FFA meeting will be held at Boys Ranch Monday, April 21. Bob Zachry, Canyon voting delegate, Weldon Tueck, nominee for state officer, and Carroll Wright, nominee for area officer, will attend this meeting.

Applicants for state farmer degrees are John Winters, Jerry Parker, Dale Henry, Ed Cranmer, Galen Tueck and Weldon Tueck. Candidate for American Farmer is Jack Campbell. This is the highest award that a FFA boy can receive. In order to be eligible the boy must have been out of school one year and must have had a farm project which has netted \$1,000. These are only two of the many requirements.

Nedra Fanning, FFA sweetheart from Canyon, will accompany the boys and compete in the district sweetheart contest.

Band Wins at Borger

The band placed second in sight-reading and third in concert at the contest held in Borger April 10. All area bands were invited to attend for judging.

Twirling ratings were also given. Linda Green received a first, Ann Jarrett, Wilma Burkett and Donna Caskey placed second. Jimmie Boyd received a third rating.

Attend State FFA Meeting

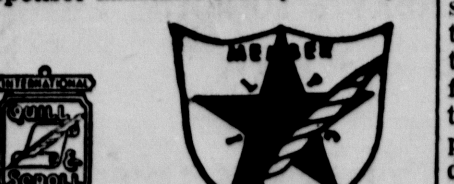

Dorothy Higdon, Patricia Salmon, Judy Taylor and Shannon Downing represented the freshman and sophomore classes at the state FFA meeting in San Antonio April 18-19.

Ann Jarrett, Mayla Atkinson, and Suzanne Lemons, state degree ap-

Boyd, Winters Reign at Banquet

Jimmie Boyd and John Winters were crowned Band Queen and King April 11 at the annual band banquet held in the Canyon Elementary School building.

Dining by candlelight, the band members and guests were served a meal of ham, raisin sauce, potato salad, green peas, hot rolls, tea and apple pie.

On the program were Supt. Joe Gibson who gave the invocation; Mrs. M. T. Maddux, band president who gave the welcome; Carolyn Glanton, the response; and Prin. J. E. Miller, who gave the benediction.

Entertainment was provided by the Hi-Fi quartet from WT. They sang "Autumn Leaves," "Hoop-Ti-Do," "I Don't Know Why I Love You Like I Do," and a combination of songs as an encore.

Carrying out the theme of the banquet, "Tulip Time," the cafeteria was decorated with bright tulip cut-outs. The tables were decked with tulip nut cups, pink and white candles and spring flower bouquets. Place cards were small figurines of band members playing different instruments.

Different parents of the band members worked and planned to make the banquet a success. The committee chairmen were Mrs. Wilford Taylor Jr., food; Mrs. Fred Richard, entertainment; Mrs. R. O. McKay, serving; Mrs. J. L. Riley, cleanup; and Mrs. K. E. Hines, decorations.

Seniors Discuss Canyon's Future

As a part of their extensive survey, the Canyon Chamber of Commerce held a forum for seniors Friday morning in the high school auditorium.

The chamber is seeking a program of work for the year ahead. In this survey, they held forums for different groups.

Seniors were asked to list projects which they believe would help Canyon to be a better town. To emphasize the need of a better program, the speaker, Ralph Duncan, asked those who planned to make their home in Canyon to raise their hand. Not a single hand was raised. To make Canyon a more attractive place in which to live, Mr. Duncan asked for suggestions.

The seniors suggested youth programs, street improvements, parking facilities for the school and more business and industry. Surveys on housing, health and sanitation and traffic problems were also mentioned. Better schools and higher taxes were brought up by some.

The suggestions were written on cards and the information from these cards will be compiled, along with those of other groups, to help plan for the years ahead.

Participants also attended the meeting. Mrs. Suzanne Tatman, home-making instructor, accompanied the girls along with Mrs. Strauss Atkinson.

The group left Wednesday on a chartered bus from Amarillo and returned early Sunday morning. The group stayed in the Gunter Hotel. All sessions were held in the municipal auditorium.

Theme for this year's convention was "Live and Radiate FFA."

Visit Texaco Refinery

Chemistry and physics classes of CHS went to Amarillo April 22 to visit the Texaco Refinery laboratories and the helium plant laboratories.

The group visited the Texaco plant in the morning and visited the helium plant in the afternoon. At the helium plant, they saw interesting demonstrations of the things that happen at low temperatures and also saw complicated instruments demonstrated.

FTA Hears Dr. Lowes

Dr. Ruth Lowes, professor of education, spoke to the FTA club especially the seniors on how to tell if you are called to teach. She explained how to find out if you are qualified to teach. She also encouraged each person to try it out if he felt he could teach.

Refreshments were served following the meeting.

Boys Hear Military Advice

Representatives from the different branches of the armed services will speak to the junior and senior boys concerning their military service which is required of them. Each boy will be urged to finish high school before entering the service. You can't enter the phase wanted if you don't have a diploma.

The average human heart weighs about 11 ounces.

District Champs

The freshman track team recently won the district track meet by compiling 27 points. Team members are, from left to right, front row, Robert Henry, Jim Glen, Eugene Howard, Zeke Clement and Jerry Reynolds. On the back row are Doug Bond, Tommy Platt, Jim Cook, Jimmie Killingsworth, George Prichard, Bill Callarman and Dwayne Prichard. The managers are Jim Glen and Dwayne Prichard.

Eagle Views

Coached by Mr. Lynn Hulsey, Canyon's freshman track team compiled 27 points at the district track meet in Canyon on April 11, to emerge as the new district champs.

The irony of the situation was that Canyon took only one first place at the meet, but the rest of the winnings were split up between the different schools so that Canyon won out in the end.

George Prichard won Canyon's only first place by coming in first in the 220 yard dash. Jerry Reynolds also enjoyed a fine day. He won third place in the broad jump, second in the 100 yard dash, second place in the 75 yard dash and was on the team which took fourth in the 440 yard relay. Also on the 440 yard relay team were Jim Cook, George Prichard and Jimmy Killingsworth.

Killingsworth was also active in the meet. Besides being on the 440 yard relay team, he placed second in the 220 yard dash, third in the high jump and fourth in the broad jump.

In the shot put, Jim Cook took third and in the discus Bill Callarman placed third. In the 440 yard dash, Eugene Howard won third, and Tommy Platt placed fourth.

Musical Awards Given Students

With 38 voices singing, the Canyon High School choir received a first rating in concert in Interscholastic League contest April 15, under the direction of Miss Ada V. Clark, director. "We Thank Thee Lord" by Burntinsky, "Heavenly Light" by A. Koglow, and "Ours Is the World" by Hadyn Morgan were the concert numbers.

A mixed quartet composed of Joy Gray, soprano; Beverly Henson, alto; Lloyd Mann, tenor; and Jim Fanning, bass; received a first rating for their interpretation of "By the Bend of the River."

A girls sextette composed of Betsy Callarman and Carol Jones, soprano; Barbara Brown and Mary Gladys Marshall, second soprano; and Nedra Fanning and Suzanne Lemons, alto; received a first rating for their interpretation of "Thine Alone."

Lloyd Mann received a first rating for his selection, "Nimbs and Shepherds."

Joy Gray received a second rating for "Spirit Flower."

Chemistry Class Speaks on Cancer

Twenty-five chemistry students from the chemistry class gave 10 minute speeches April 16 on cancer disease to all the first period classes.

These talks are an annual project undertaken by the chemistry department each year in cooperation with the American Cancer Society.

Students who gave talks were Eddie Boydston, J. W. Sims, John Mann, William Tandy, Tommy McClure, Larry Byars, Dale Henry, Dwayne Pettit, Jimmie Brasher, Bob McKay, John Menke, Glen Ray Devin, Craig Hinger, Roy Hunter, Sondra Hines, Margaret Juniper, Weldon Prichard, Carroll Wright, Jerry Parker, Leonard Miller, Bob Winn, Dwayne Ledbetter, Martha Maddux and Jean Tandy. Instructor is Mrs. Joseph Findley.

Payne Attends State Alpha Meet; Has Been Active Teacher, Citizen

In today's modern society there are many people who are continually going about their jobs always doing a good job of almost everything they attempt. Day by day they are making outstanding accomplishments but yet they go practically unnoticed, never receiving too much recognition.

Such a person is Miss Marilyn A. Payne, CHS faculty member. She recently traveled to Dallas for the Alpha state meeting of the Delta Kappa Gamma Society which was held in the Adolphus Hotel. The society is an international honorary women teachers organization. Miss Payne is completing a two year term as president of the Pi Chapter. She has been a member of this organization since 1936 and is a life member.

Among many other things this organization actively sponsors are a teacher retirement program, teacher welfare and provides scholarships for advanced study to members. At the state meeting this year improved education for today's world was discussed.

Miss Payne has also been the president of the Raton, N. M., chapter and a New Mexico state officer. She is also a member of the National Association of Journalism, American Association of Teachers of Spanish, American Association of University Women, and the Order of Eastern Star.

She is also well educated. She received her bachelor's degree at WT and her master's degree at Colorado School of Education in Greeley, Colo. She has had much experience in the teaching field. She came to Canyon in 1949 from Carlsbad High School where she was head of the Spanish department.

In 1949 and 1950, Miss Payne was a critic teacher at the West Texas State Training School, and taught English, American and English literature. When the training school was discontinued she accepted a position on the CHS faculty.

Jarrett Will Be Camp Counselor

Ann Jarrett, junior, will attend Kickapoo Kamp for the sixth year. This year, however, she will go as a counselor in twirling and assistant in swimming, archery and riflery.

Each of the five years she has spent five weeks with the exception of last year when the twirling instructor got sick and Ann was asked to take over. At the end of the summer she was asked to return. Although she cannot receive pay until college age, she will have all expenses paid.

She feels the most outstanding opportunity will be to meet and associate with many people during the 10 weeks there.

Many honors have been awarded Ann. She has received the Fire Lighter award which is given to the most outstanding girl of the week. This honor is second only to the Senior Camper award. She has received her junior life saving badge and advanced swimming cards. She has her first eight medals in archery and is a prone position marksman.

Her two sisters, June and Beth, will also attend.

At CHS she has also been a diligent worker. She planned and established the journalism scholarship. John Menke will receive the award his senior year if he decides to major in journalism. Previous winners were Ralph Green, Annelle Dugan and Frances Pennington.

Spanish classes have also grown during her years of leadership at CHS. Twenty-two students are completing their first year of Spanish this year. In addition, she teaches three English classes.

Miss Payne has traveled widely during her lifetime. She has been to Mexico three times and studied one summer in Europe where she visited England, Holland, Belgium, Germany, Switzerland, Italy and France. She had traveled in a majority of the 48 states before graduating from high school and has also traveled in Canada.

Having studied above the master's degree on mental health, she is well qualified as a mental health counselor. She is a member of the National Mental Health Society.

Her hobbies include travel, photography, interior decorating, writing and music. In her youth Miss Payne lived in Dalhart. Her parents were early pioneers.

Best Actor

Jim Fanning has been selected as the senior nominee for best actor as a result of his skill in handling the role of Uriah Vinton in the senior play. He was well suited for the part with his natural casual nature. Jim plans to go to WT and major in business. He is also an outstanding music student.

Hines To Attend Texas Tech Clinic

Sondra Hines, junior, will spend six weeks this summer at Texas Tech where she will study antibiotics of the soil.

She was selected on the basis of the grades and on the basis of an outline which she sent in on antibiotics. She has attended this clinic one previous year.

Sondra will go as one of two people from the Panhandle.

She plans to be a biologist upon finishing college. This year she is enrolled in chemistry. She has finished one year of general science and biology.

'Austin Here We Come' Is Slogan Of Canyon UIL Regional Winners

With Canyon students winning four first places in the Interscholastic League regional meet in Lubbock April 19, the password has become "Austin, here we come!" The excitement of a two day trip to Austin looms ahead of the lucky students who "brought home the bacon."

Winning first place in girls debate were Margaret Lee Johnson and Bernice Green. Taking first in extemporaneous speaking was Lloyd Mann. Walking away with a first in ready-writing was Dana Wilbanks. With one long throw, 142.3 feet, Richard Burgess took first in discus in the sports division.

Teeter Presents Vocational Views

Mr. Verl A. Teeter, staff associate of the Science Research Associates, spoke to the student body on vocational planning in general assembly on April 15.

Mr. Teeter, who lives in Tulsa, Okla., and who has spent 41 years working with youngsters, gave many good pointers to the student body. He believes that sound, wise vocational choices rest largely on three things. They are interest, abilities, and opportunities. He also brought out the following helpful pointers:

Wish and careful vocational planning helps one to avoid many pitfalls, serious mistakes, wasted effort and unhappy experiences. Young people would give much more time, effort and thought to vocational planning if they only realized to what extent their vocational choice affected their future—their happiness, their standard of living, the friends they make, the recreation they enjoy, the atmosphere in which they work and the security of old age.

The following points should be stressed by parents and teachers in guiding our young people today:

1. The world doesn't owe anyone a living, only an opportunity to make a living.
2. An individual cannot be successful in an occupation through effort alone; one can do well only in those occupations for which he has the capacity.
3. The assumption that an individual can be happy and successful in only one occupation is erroneous. Most individuals have talents and interests that would enable them to work in several occupations with reasonable success and happiness.
4. No vocation is completely satisfying; every occupation has some drawbacks.
5. The choice of a specific occupation should not be made too early, and then only after careful study.
6. Success in an occupation is dependent upon many factors other than skill, such as cooperation and willingness to assume responsibilities. Skill alone is not enough.

Students too frequently do not profit to an appreciable degree from what the high school has to offer because they do not understand the real purpose of education.

Pruett Has Been Star in Athletics

A. L. Pruet, one of the liveliest characters in the senior play who contributed an air of romance to the mystery, is also one of the liveliest students in CHS.

Although his favorite subject is English, he aspires to attend WT and major in business. His ambition is to become a certified public accountant.

In his hobby, sports, A. L. has done well in the last four years. He has played quarterback in football, guard in basketball, and participated in the hurdles, 220, 440, mile relay, discus and shot put in track.

As president of the Student Council, A. L. has capably led that body to a successful year of useful work.

A. L. has served as football and basketball captain. He was awarded the Outstanding Player Award for his excellent performance in sports. As a junior he was class favorite and Basketball King as a senior. He was runner-up for Smile King and Personality King. He played Allen in the senior play.

In addition, Jimmie Lou Hilt-brunner took third in senior girls declamation; Rhett Plank and Alan Hanks took third in boys debate and the mile relays, Eddie Boydston, Jerry Richardson, Tommy Henderson and Dwayne Ledbetter, took third place.

John Menke, journalism entry whose contest lasted all day, came out with a fourth in feature writing and a fifth place in editorial writing.

Also participating in the events were Louise Higdon, poetry reading; Rachel Smith and Joy Rose, shorthand; Barbara Brown, tennis; and the 440 relay team, Jerry Richardson, Tommy Henderson, Ronnie Huyck and Eddie Boydston.

The girls debate team, especially happy over their win, this being the first contest debate they have carried out, won fairly easily over Perryton and then Seminole. They are looking forward to another two weeks of hard preparation on foreign aid, the current debate topic.

Dana Wilbanks, whose ready writing topic was on choosing an occupation, will continue to prepare by reading current articles on dating, occupations, education and other topics.

Lloyd Mann, who is now referred to as "a walking encyclopedia of current affairs," has two weeks of heavy reading, study and speech structure preparation ahead of him before the state meet.

If Richard Burgess begins slinging books in school, you will know that he is just keeping in practice for discus throwing in Austin.

Accompanying the students to Lubbock were Mrs. Cecil Simms, English and speech teacher, Mr. Oscar Schuette, shorthand and typing teacher, Mr. Davis, track coach, Mr. Brotherton, tennis coach, and Mrs. McDowell, practice English teacher.

Did You Know?

Texas is a great state both in quantity and in quality, so say the Texans. But, one Maryland newspaper said, "It would be pleasant to learn from authoritative sources that Texas was populated by humans and not by supermen." This same paper said, "No Texan has ever challenged the utter perfection of the Lone Star State, its climate, its geography, its history, its civilization."

No matter the argument, here are some of the facts: It is 150 miles farther from El Paso to Texas than it is from Chicago to New York. Fort Worth is nearer St. Paul, Minn., than to Brownsville.

Texas is one and a half times as large as California, the nearest rival. It is 224 times as large as Rhode Island. The great "country" of Texas is larger than any European country except Russia.

Of Texas' 266,339 square miles, about 3,695 square miles are covered by water! Quite some lake?

Our largest county, Brewster, is five times the size of Rhode Island. The King Ranch in south Texas is larger than Rhode Island. In fact, if Texas were divided among all the people of the world, each would get a space 40 by 100 feet, as large as many city blocks.

It is said that if all the hogs in Texas were one hog, he would be able to dig the Panama Canal in three roots. "If all the steers in Texas were one big steer, he could stand with his front feet in the Gulf of Mexico, one hind foot in Hudson Bay and the other in the Arctic Ocean, and with a sweep of his tail brush the mist from the Aurora Borealis."

Did you know these facts? Sam Houston, the great Texas hero, was called "The Big Drunk" by the Indians because of his drinking before he came to Texas. Amarillo, less than 10 years ago, was considered the most violent, raw, and open town in the United States except for Las Vegas, Nev. One of the governors of Texas, Jim Hogg, named his two daughters, Ima Hogg and Youra Hogg!

Texas has many interesting pages in her history. From the time under Spanish rule to the days of her republic and on to her statehood days, Texas has had exciting happenings which provide good reading as well as study. If you do not know your state's history, study it and find other interesting facts about laws, men, places and institutions.

 Mr. and Mrs. Robert Eugene Groves of Amarillo, a girl, born April 22.

Woman's Book Club Hears Two Speakers

Following the theme, "National and International Affairs," Mrs. Frank Morgan and Mrs. Michael Morris presented the program of the Woman's Book Club in the group's April 9 meeting.

Mrs. Morgan and Mrs. Morris presented "Foundations: Their Accomplishments in International Affairs." The women expressed the view that many people of Canyon and the Canyon area had benefitted from grants and fellowships from various foundations.

Rogers and Barbara Bacon, all of Canyon; Vondell Germany of Petersburg; and Mrs. Clydene Terrell of Plainview.

Laid with a white organdy cloth with linen inserts, the table was centered by three cupid figurines holding a cone-shaped arrangement of white ranunculus and white alium lace flowers.

Girls Win District Volleyball Crown

The Canyon Junior High School girls volleyball team won first place in the 1-A District tournament held April 4-5 in Dimmitt by toppling Tulia in the finals.

Karen Brewster is captain of the team. Oscar Hinger and Mrs. Lillian Graham are sponsors.

4-H Members Give Doughnut Show

The Pleasant View Home Demonstration Club met April 9 in the home of Mrs. H. M. Stokes.

Norma Lou Henderson, assisted by Patricia Salmon, both Randall County 4-H girls, demonstrated making and freezing doughnuts.

Visitors present were Mrs. Zo Nell and Mrs. Beaty and sons of Houston and Mrs. John McClure of Canyon.

Wayside News

Rev. D. L. Hunt filled his regular appointments Sunday. He was a dinner guest in the home of Mr. and Mrs. E. C. Franklin. Only a small number of people were present in the congregation because of the muddy roads.

Little Sammie Mayes suffered a broken leg in an April 15 accident in a workshop where his father was working.

On Cotton John Smith's television show Saturday were Charles Kennedy and son, Robert and Guy Watson and son, Gale. The group was advertising the 4-H Club boys farm sale, to be held April 26 just east of the courthouse in Claude.

Mr. and Mrs. W. R. Stockett and John McGehee are just back from a trip to California. They visited friends and relatives in Saugus, Pomona, and Banning, Calif., and in Mesa, Ariz.

J. T. McGehee Jr. of Goodnight, who has been in the hospital following a heart attack, has recovered satisfactorily enough to be allowed to return home.

Mr. and Mrs. Floyd Adams took her sister, Mrs. Fred Porter, to Amarillo to catch transportation to her home in Dostal, Calif. Mrs. Porter has spent some time with Mrs. Adams, who has been quite ill.

Visitors in the Jimmy Bean home April 14 were three of Mrs. Bean's uncles and a cousin from Sweet Home, Ore. The guests were John, Fred, George and Bud Mulligan.

Also a guest in the Bean home was Mrs. Bean's sister, Margie Rollins, of Broken Bow, Okla. She is making an extended visit with the Beans.

Mr. and Mrs. Charles Wheeler and Daphnia of Amarillo were weekend visitors in the home of Jimmy Bean.

Attending Mrs. Mickey McDonald's charm lecture in Canyon last week were Mrs. Melton McGehee, Mrs. D. T. McGehee, Mrs. Bill Allen, Mrs. A. J. Newsom, Mrs. Cortez McNeil and Mrs. Henry Hamblen.

Mr. and Mrs. Floyd Adams have installed a washer-dryer combination in their home.

Mrs. Bessie Lane visited her sister, Mrs. Mary Jenkins, in Canyon Thursday.

Vance Sluder has returned to his home in Happy after being with the armed services in Germany.

W. R. Stockett and John McGehee were callers in Tulia recently.

Stork Specials

Mr. and Mrs. John Smith of Amarillo are parents of a daughter born Sunday in St. Anthony's Hospital in Amarillo. Mrs. Smith is the former Bonita Brown, daughter of Albert Brown.

Notice is hereby given that original letters testamentary upon the estate of Frances Adella Townes were issued to me, the undersigned, on the 24th day of February, 1958, in the proceeding indicated below my signature hereto, which is still pending, and that I now hold such letters. All persons having claims against said estate, which is being administered, in the county below named, are hereby required to present the same to me respectively, at the address below given, before suit upon same are barred by the general statutes of limitation, before such estate is closed, and within the time prescribed by law. My residence and post office address are 1102 Alta Vista, Amarillo, County of Potter, state of Texas. Dated this 23rd day of March, 1958.

of Randall County, Texas 211

SOIL CONSERVATION DISTRICT NEWS

According to J. W. Spencer, chairman of the board of supervisors of the Randall-Potter Soil Conservation District, more wildlife are needed and should be provided in the Randall-Potter SCD.

One way to provide more wildlife would be to fence off the odd areas on the ranch or farm. After fencing these areas you can plant trees, shrubs and grasses which will furnish both food and cover for many kinds of animals and fowls.

"Odd areas" on your farm or ranch are those areas that are generally unsuited for any use other than wildlife areas. Those odd areas might be a corner of a field made inaccessible by a gully, rocky or shallow areas in a field that cannot be easily farmed, or any other area on the farm or ranch that should be protected from severe erosion by permanent vegetation.

Building tanks or dams and stocking them with fish is another source of food and income. By fertilizing these fish ponds you can increase the size and amount of fish at very little cost. These ponds can be stocked with fish obtained from U. S. Fish and Wildlife Service, State Fish and Game agencies and commercial hatcheries.

When trees and grasses are planted around these ponds, they will cut down on soil erosion. This will help keep the pond from filling up with silt. Silt damages the gills of fish, it also covers the spawning beds and covers the rocks, plants and gravel that supports insect larvae and other fish food.

These ponds will also furnish a place for ducks and geese to stay. It also furnishes a home for quail, cottontail rabbits and muskrats. A fish pond, properly managed, will furnish entertainment for all those who like to hunt and fish, and will protect and beautify the farm or ranch.

Wildlife areas are permanent and inexpensive when a part of basic soil and water conservation and sound land use. See your local Soil Conservation Service technicians and let them help you develop a coordinated conservation plan for your farm or ranch.

CITATION BY PUBLICATION

THE STATE OF TEXAS

TO: LOUIE F. MOREE, Defendant.

Greeting:

YOU ARE HEREBY COMMANDED to appear before the Honorable

47th Judicial District Court of

Randall County at the Courthouse

thereof, in Canyon, Texas, by filing

a written answer at or before 10

o'clock A. M. of the first Monday

next after the expiration of forty-

two days from the date of the

issuance of this citation, same being

the 2nd day of June A. D. 1958,

to Plaintiff's Petition filed in said

court, on the 13th day of December

1957, in this cause, numbered

3468 on the docket of said court and

styled KATHRYN M. MOREE,

Plaintiff, vs. LOUIE F. MOREE,

defendant.

A brief statement of the nature

of this suit is as follows, to-wit:

A suit for divorce on grounds of

excessive cruelty and an adjudica-

tion of property rights, as is more

fully shown by Plaintiff's Petition

on file in this suit.

If this citation is not served

within ninety days after the date

of its issuance, it shall be returned

unserved.

The officer executing this writ

shall promptly serve the same ac-

cording to requirements of law,

and the mandates hereof, and make

due return as the law directs.

Issued and given under my hand

and the seal of said court at Can-

yon, Texas, this 18th day of

April A. D. 1958.

Attest: Mavis Hill Clerk,

47th Judicial District Court

Randall County, Texas

By L. Johnigan, Deputy

(SEAL) 214

Fairview Breezes

Mr. and Mrs. J. W. Wesley visited Wednesday with Mr. and Mrs. M. F. Evans in Canyon.

Skipper Cunningham, son of Mrs. Florene Evans, underwent surgery for appendicitis April 14. Skipper had just recently recovered from mumps.

Mr. and Mrs. J. D. Prossor and sons of Amarillo visited Sunday with Mr. and Mrs. G. E. Wesley.

Mr. and Mrs. J. W. Wesley visited Saturday night and Sunday with the E. E. Wesleys and the D. L. Whitsons.

Nig Whitson has been able to go back to work after being under the care of a doctor for the last four months.

Jimmy Don Whitson was one of four students in Littlefield Junior High School who were chosen to attend the science show in Lubbock Saturday. About 5,000 students from over the state attended this show.

Mr. and Mrs. Arlen Wesley and Kyle Ray visited in Littlefield Sunday.

Woodrow Wesley and sons, C. R. and Bowie, attended the rodeo in Tulia Saturday.

We had more rain over the weekend. About one inch fell Thursday and Friday.

Mr. and Mrs. Charles Wilson are the parents of a daughter born April 14. She has been named Johnnie Louisa. Mrs. E. M. Wilson has been staying with the family since the baby was brought home from the hospital.

Mr. and Mrs. Frank Rogers visited in Canyon April 15. They visited with Mrs. Rogers' uncle and aunt, Mr. and Mrs. George Miller, and Frank's sister, Mrs. Kate Folk. Mrs. Rogers learned of the March 25 death of an uncle at Lamesa.

Mrs. G. E. Wesley was being checked by her doctor April 15.

Those enjoying "88" in the G. E. Wesley home in the evening of April 15 were Mr. and Mrs. J. W. Wesley and Mr. and Mrs. Frank Rogers.

Mrs. Woodrow Wesley was in Amarillo Wednesday on business while Woodrow was helping Tom Rogers work cattle.

Mrs. Wheatley of Pleasant Valley visited a few days last week in the home of her daughter and son-in-law, Mr. and Mrs. Richard Evans. Mr. and Mrs. Evans went to Adrian Wednesday.

1925 Bridge Club Meets Wednesday

The 1925 Bridge Club met in the home of Mrs. Iverson Leake April 16.

Spring flowers were used in the home. The hostess served a desert course and coffee.

Present were Mrs. Newton Crain, Mrs. Hud Prichard, Mrs. Glenn Dowlen, Mrs. Hatcher Brown, Mrs. T. V. Crounse, Mrs. Kermit Pond, Mrs. Ed Lindsey, Mrs. J. J. Walker, Mrs. Otis Parker, Mrs. W. A. Warren, Mrs. Jim Cabe and Mrs. J. M. Daugherty.

- "WILL PIG PARLORS AND FARROWING UNITS MAKE ME MONEY?"
- "IS HOG PRODUCTION PROFITABLE IN THE PANHANDLE?"

We have arranged for you to visit some of these units to talk with three men "who own one" and to get all the latest up to the minute information on raising hogs from the leaders in their field at our:

HOG FIELD DAY

FRIDAY, APRIL 25, 1958
